ANNOUNCES RESIDENTIAL PROGRAMME ON

“Enhancing Organizational Productivity through ICT”

From March 11-15, 2019 at Kanyakumari

INTRODUCTION

There is productivity imperative globally owing to the changes taking place in technological, socio-political and economic fronts. With the citizens' increased demand for choice, convenience and service, forces the organizations for better performance, and all this within available resources. There is therefore a necessity for dramatic productivity improvement that will ensure better results. Organizations that have been able to develop innovative performance excellence and adopt strategies to achieve the same are rewarded by the customers/stakeholders.

Information & Communication Technology (ICT) being one of the major drivers for the rapid changes taking place globally and has brought a tremendous paradigm shift in all the fields. ICT and Management are converging today resulting in integrated systems of functioning. Today, every organization, may it be Government or Private, has to be Competitive enough to survive in the rapidly changing global scenario. Harnessing the potential and capabilities of available IT Tools & technologies is critical for any organization to achieve and sustain a competitive advantage.

This programme is designed to deliberate on the requirement of role of ICT in enhancing organizational productivity and developing the strategic approach for the same. The programme will provide the proper platform for participants to excel and perform to meet the organizational performance objectives.
