MESSAGE

I am happy to know that National Productivity Council celebrates National Productivity Week from 12th to 18th February every year and the theme “Circular Economy for Productivity & Sustainability” is chosen for 2019.

In view of the demands of a fast developing economy like India and to sustain the growth parameters, all key sectors must work towards introducing breakthrough changes in products, services, processes and new methods of production for augmenting enterprise level productivity. National Productivity Council is playing a vital role in this regard while propagating productivity, quality, competitiveness and efficiency consciousness through various initiatives.

I wish the organisers all the very best for this endeavour and hope National Productivity Week 2019 achieves the desired goals.

(SARBANANDA SONOWAL)
