Professional Summary	<p>I am a highly accomplished professional with over two decades of experience in Information Technology, Digital Transformation, and e-Governance, currently serving as Director & Group Head (IT & CoE: I4.0) at the National Productivity Council (NPC). Proven expertise in spearheading strategic digital initiatives, including the development of over 250 Management Development Programs and implementation of multiple national-level e-Governance and Knowledge Management consultancy projects. Notable contributions include leading the establishment and operations of NPC's Center of Excellence on Industry 4.0, significantly enhancing the productivity and digital capabilities of public sector institutions and SMEs. Recognized for driving innovation through design and deployment of digital platforms and influencing public policy through impactful IT consultancy and advisory roles aligned with NPC's mission of national productivity enhancement.</p>
