Self-Learning course on
Food Safety Essentials – Advanced Module

eLearning Course Title   : **Self Learning course on Food Safety Essentials –**
Advanced Module

Registration Fee (including GST)   : **₹ 2360** /-

About eLearning Program:

Food safety and food security are interlinked. Unhygienic and unsafe food handling practices cause numerous food borne diseases and affects the consumers. These also pose a risk to socio-economic development agenda of the Government. In the present context of global pandemic, it is now even more important to understand the food safety requirements. Manufacturers involved in food processing need to implement norms & standards to deliver safe food products.
