

E-Learning Course Title: Medicinal uses of spices

Registration Fee (including GST):- 1500/-

About eLearning Program

In this tutorial, we shall focus on some common household spices and their efficacies as medicines. Spices are known as appetizers and are considered essential in the culinary arts all over the world. They add a tang and flavor to otherwise bland and insipid foods.

eLearning Course Coverage

To achieve these course objectives, this course consists of the following 4 modules:

Module 1- History of spices

Module 2- Seeds and fruits

Module 3- Arils, Resins, Flower Buds Bark, Bulb, Roots & Rhizomes
