**Regional Directorate: Gandhinagar, Gujarat**

**Announces**

**Program on “Material Flow Cost Accounting (MFCA)”**

**On the occasion of**

**PRODUCTIVITY WEEK CELEBRATIONS - 2020**

**On 12<sup>th</sup> February 2020 at Daman**

***INTRODUCTION***

The National Productivity Council (NPC) is a national level organization under Ministry of Commerce and Industry, Government of India to promote Productivity Culture in India. Like the previous years, this year, NPC shall be celebrating Productivity Week between 12<sup>th</sup> and 18<sup>th</sup> February 2020 and Productivity Day on 12<sup>th</sup> February 2020.

As part of the Productivity Week Celebrations, NPC, Gandhinagar office is organizing a Program on **"Material Flow Cost Accounting (MFCA)"** at Daman location, Daman and Diu and Dadra and Nagar Haveli on 12<sup>th</sup> February 2020.

MFCA is an environmental management accounting tool, which focuses on tracing waste, emissions and non products, can help boost an organization’s economic and environmental performance. Under MFCA, the flows and stocks of materials within an organization are traced and quantified in physical units (e.g. mass, volume) and the costs associated with those material flows are also evaluated. The resulting information can act as a motivator for organizations and managers to seek opportunities to simultaneously generate financial benefits and reduce adverse environmental impacts. MFCA is applicable to any organization that uses materials and energy, regardless of their products, services, size, structure, location, and existing management and accounting systems.

***BENEFITS OF MFCA APPLICATION TO COMPANIES***

- Cost reduction through material savings
- Enhanced Monetary benefits
- Better Environmental Performance
- Enhanced Productivity
- Applicability to any organization, regardless of type, size, activity and location, and in developing as well as developed countries;
