The background of the slide is a large, colorful infographic centered around a globe. It depicts various aspects of sustainability, including modern city buildings, green parks, a wind turbine, a solar panel, a water drop, and a red barn. The infographic is composed of many small, interconnected elements, creating a complex and detailed visual representation of environmental and social themes.

Training Programme On Environmental Social and Governance (ESG): A Pathway to Sustainability and Net-Zero Transition (T2526ECA05)

19th January – 23rd January 2026
Sri Vijaya Puram (Port Blair)

1. ABOUT NPC

The National Productivity Council (NPC) is an autonomous body operating under the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India. NPC's current expertise is built on a multidisciplinary team of professionals with backgrounds in Sustainability, Economics, Industrial Engineering, Human Resource Management, Energy, Environment, Information Technology, Project Monitoring and Evaluation, Research, and Baseline Surveys.

To complement its in-house capabilities, NPC also engages external experts and subject matter specialists as required, based on the nature and complexity of assignments. The organization operates from its headquarters in New Delhi, supported by 12 regional offices nationwide, and is staffed by over 100 full-time professionals.

NPC delivers a broad range of services, including Consultancy, Capacity Building, and Project Monitoring Unit (PMU) support, to various clients across the public sector, including Central and State Government Ministries and Departments.

2. PROGRAMME THEME

Sustainability is fast becoming a key priority for corporate around the world, both linked to their company branding strategy as well as expectations of their shareholders. ESG are a set of environmental, social and governance topics, which is a quantifiable assessment of sustainability. India has introduced new environment, social, and governance (ESG) reporting requirements for the top 1,000 listed companies in the country by market capitalization. Hence, the purpose of this program is to sensitize participants on the aspects of Sustainability and Business Responsibility and Sustainability Report (BRSR).

Environmental issues may include corporate climate policies, energy use, waste, pollution, natural resource conservation, and treatment of animals. ESG considerations can also help evaluate any environmental risks a company might face and how the company is managing those risks. Consideration may include direct and indirect greenhouse gas emissions, management of toxic waste, and compliance with environmental regulations.

For measuring, monitoring and disclosing performance in areas related to ESG, Securities and Exchange Board of India (SEBI) has mandated the sustainability disclosure requirements vide its circular no 18/2021, dated 10th May 2021. Under this Business Responsibility and Sustainability Reporting (BRSR) shall be applicable to the top 1000 listed entities (by Market Capitalization) from FY 2022-23. The BRSR framework has been revised with Core KPIs and glide path for BRSR Core reasonable assurance as per SEBI circular dated 12 July 2023.
