

Webinar Title: **Productivity and Sustainability**

Registration Fee (including GST): -Rs.99/-

About Webinar Program : - **Productivity** is the key to prosperity, which in turn is an indicator of a country's potential for economic growth in the short to medium term. **Sustainability means** meeting our own needs without compromising the ability of future generations to meet their own needs. In addition to natural resources, we also need social and economic resources.

With the world's population set to increase by 30 per cent over the next 40 years, resource productivity needs to increase to ensure sustainable development, which will mean creating opportunities to obtain more and use less, and also feed into the circular economy by reusing valuable resources.
