

Webinar Title: Management Of Ugly Inventory - Work is Pending

Registration Fee (including GST):- Rs.99/-

About Webinar Program -

Inventory serves only one economic purpose – ensure that the line, or customer doesn't starve. It is to protect the sales. However, having more inventory than what is needed is a waste. Of the three inventories, Raw Material, Work in process and Finished Goods, which is the most crucial? Which is manageable? Which reflects our operational practices? These questions need to be understood in the context of controllability, planning and competitive advantage. This webinar integrates Lean practices with the inventory and competitive impact.

Webinar Course Coverage:-

- Inventory - Money blocked in the system
- Three Inventories – Domains of Control and drivers
- Planning Cycle and WIP
- Process Batches and Transfer Batches
- Single Piece Flow – Impact
- Competitive Advantage and Inventory

Register to learn:-

- What can be controlled cannot be endured!
- How Lean methodologies lead to profitability?
- Variability, the mother of all ails

Thanks & Regards
