About Webinar: A valid diagnosis of human situations requires knowledge of ourselves i.e.; self-awareness-it is impossible to understand others unless we understand ourselves and we cannot understand ourselves unless we understand others. The very best employees are those men who as they come to larger and larger responsibilities in life begin to look upon their positions more and more from the stand point of obligations which are imposed upon them. They should feel the pressure of service demanded of them. Self Leadership is a growing requirement of the employee's job. The employee can no longer be satisfied with jobs they are performing but must improve constantly to keep abreast of the changes in business environment therefore master the art of Self Leadership.
