MR. Narasimha Bhat National FOSTAC Trainer, Retired Quality Assurance Manager
Colgate Palmolive (I) Ltd. and Marico Ltd. India.

Webinar Date: 29.10.2020

| Duration: 02:30 PM to 03:30 PM

About Webinar (Brief One para): -

5S engages people throughout the use of standards and discipline. 5S is not just about housekeeping but concentrates on maintaining the standards and discipline to manage the food manufacturing. 5S philosophy and HACCP can be integrated to design a practical, logical management system that ensures a controlled best practice work environment where product safety and consumer protection are always core. Visualization has always been a key principle in 5S yet this idea is more challenging when it comes to Food Safety microbiological hazards. This course will explain how visualization can be utilized when it comes to controlling the group of hazards that exist in the food industry.
