

## **NATIONAL PRODUCTIVITY COUNCIL** Presents Webinar on

# **Protection of Children from Sexual Offences act (POCSO)** On 23 November 2020, 11:00-13:00 hrs

Children are our nation's future. They are vulnerable and easy to manipulate physically and emotionally. This is the sole reason for the rampant sexual abuse against them. POCSO is applicable to all establishments where the Children are involved which includes the Educational Institutions where the students are below 18 Years of age..Unfortunately, the number of cases being reported showing an increasing trend. One of the core reasons for this situation is lack of awareness about law and the consequences. therefore, we need sufficient trainers/school staff who have expertise in the subject. This is the reason, we organize a webinar which will make the participants competent to undertake the mentoring at the institutions, independently.

### **Our ultimate goal is to Prevent the offences:**

Prevention always better than Redressal. As even the perpetrator is punished, the victim child would carry on the stigma in her/his life. Surveys show that the children who have been sexually harassed in childhood, would invariable become sexually more aggressive person. The Prevention happen when we sensitize the students, staff, teachers, parents and all other people who are involved in the business of dealings with Children.
