on 31st May 2024 at 10:00 AM to 05:30 PM

Speaker:

**Ms Jaya
Khanduri**

(Former
Associate
Professor,
Institute of
Good
Manufacturing
Practices India)

ABOUT THE TRAINING

HACCP stands for Hazard Analysis and Critical Control Point and acts as a base for any food safety measures required for Food Safety Management System. HACCP system provides guidelines to identify hazards, maintain food safety at all levels - manufacturing, packaging, storage, transportation and distribution, retailing and all points of supply chain. FBOs are encouraged to implement HACCP guidelines to ensure the safety of the food manufactured on any premise. Moreover, FBOs are required to continuously improve the sanitary and hygienic conditions at their premises to Improve overall quality of finished product.
