

No. JP/2020-21/14
09/10/2020

Dear Sir,

In the wake of the frequent disruptions faced by the organizations worldwide, **National Productivity Council (NPC) Jaipur** is pleased to announce its 2-days Online e-Training Programme on “**Supply Chain Management:** ” during **November 5-6, 2020 through Cisco Webex.**

NPC has designed, **the interactive online e-training programme aims** at exposing the participants to the concepts, methodology and framework of Supply Chain Management for organizations.

The training programme has been designed for all levels of officials from various operations of central and state government departments, PSUs, private sector, corporations, banks, educational institutions, boards, financial institutions and others.

The detailed brochure is enclosed for your kind perusal. The Programme fee of **Rs.3100/- + 18% GST (Rs. Three Thousand and One Hundred Only + 18% GST)** per participants is inclusive of course material kit and professional charges etc. For participants sponsored by **MSMEs and Trade Unions a concessional programme fee of Rs.2100/- + 18% GST (Rs. Two Thousand One Hundred Only + 18% GST)** will be charged.

We are sure that you would take advantage of this programme and nominate a few officials from your organization. The detailed brochure is also available on the website: www.npcindia.gov.in (In the “Webinar Announcements” section of RD Jaipur List).

Kindly feel free to call us at **8619758891, 0141-2703573, 2702935**, or email us at jaipur@npcindia.gov.in, himanshu.rg@npcindia.gov.in in case any further clarification is required. We look forward to your continuous support and an early response.

Thanking you

Yours Sincerely

Mukesh Singh
Director

NATIONAL PRODUCTIVITY COUNCIL, JAIPUR

An E-Training Programme on Supply Chain Management November 5-6 2020

INTRODUCTION

Productivity of an organization is directly dependent upon the processes that transform their raw material into finished goods/services. Also, the performance of the constituent processes can in turn be enhanced only by overall economy of the business supply chain. Further, with increase in frequency of disruptive event such as COVID19 and various natural disasters – a robust and efficient supply chain precisely defines the sustainability of any organization. This online interactive programme is intended to give practical training to the participants for building efficient and robust supply chains. Trained participants will directly be able to help their organizations to minimize the impacts of disruptions, ensure recovery, and safeguard the interests of the stakeholders, reputation, and brand value.
