

NATIONAL PRODUCTIVITY COUNCIL
PRESENTS WEBINAR ON:

ENHANCING WORKPLACE PRODUCTIVITY THROUGH QUALITY CIRCLE

(Visit <https://www.npcindia.gov.in/NPC/User/webinarpage>)

E-Certificate would be issued to the participants.

About the Webinar: There is an increasing awareness that organizational productivity alone determines to a great extent the competitiveness of an organization operating in a competitive environment. In any organization, effective team work to solve the various problems faced by the organization is very much essential to improve the Workplace Productivity. Quality Circle plays a very important role in enhancing the Workplace Productivity by raising the organizational moral, inspiring more effective teamwork, promoting job involvement, creating problem solving capabilities in employees at shopfloor level and increasing employee motivation. Quality Circle is based on the philosophy that the man on job knows more about its problem than anyone else and every person is inherently talented and a conducive environment brings the best out of him.

Objectives:

- To help the participants understand basic Productivity & Quality concepts.
- To understand Quality Circle Implementation and its benefits.

Coverage:

- ❖ Basic Productivity & Quality concepts
- ❖ Introduction of Quality Circle
- ❖ Implementation of Quality Circle
- ❖ Use of QC Tools
- ❖ Benefits of Quality Circle
