Online training program Leadership Excellence

24th – 25th May 2021

About the Program

Top organisation across the world have faced grave and unprecedented challenges recently majorly due to the consequences of COVID. **Leadership** has never more difficult. It is at this time that leaders have to rise up to the occasion and evolve and adapt to turn these challenges into opportunities for the organizations and their people. Leadership is more important now than ever. **Problem solving and decision-making** are important skills for business and life. Problem-solving often involves decision-making, and decision-making is especially important for management and leadership. There are processes and techniques to improve decision-making and the quality of decisions. Decision-making & Problem solving techniques go a long way in uplifting one's career.

National Productivity Council through its vast experience has curated a very effective training program to enhance the skills of the young managers to empower them to achieve greater heights in their professional career.
