CREATING ROADMAP TO MANUFACTURING EXCELLENCE

25th September 2020, 11:00 - 12:00 hrs

ABOUT WEBINAR
Today, Our Country is on the threshold of making a breakthrough in manufacturing by supplying high quality products to the world for different sectors. It is becoming important to achieve this. The place of value addition - shop floor, should have right balance of technology and methodology. This session will be an exposure to changing business scenarios, challenges ahead, world class manufacturing routes and how to lay the building foundation in any organisation.

EXPERT SPEAKER
DR. N. RAVICHANDRAN
Former Executive Director,
Lucas TVS Ltd,
PHD in Manufacturing Excellence
