

## **Webinar Title: Indoor Air Pollution and its Control**

**Webinar Type: Paid**

**Registration Fee:- Rs 403/-**

**E-certificates will be issued on participation**

**Expert Speaker (Name/ Designation) – Suman Maity, Deputy Director (Environment)**

**Webinar Date:** 27.08.2020, Thursday | **Duration:** 60 minutes

**Time Slot:** - From 1500 hrs To 1600 hrs (Afternoon)

**About Webinar:** - Indoor air pollution is the degradation of indoor air quality by harmful chemicals and other materials; it can be up to 10 times worse than outdoor air pollution. This is because contained areas enable potential pollutants to build up more than open spaces. Statistics suggest that in developing countries, health impacts of indoor air pollution far outweigh those of outdoor air pollution. Indoor air pollution from solid fuels accounted for 3.5 million deaths and 4.5% global daily-adjusted life year (DALY) in 2010; it also accounted for 16% particulate matter pollution.

**Webinar Coverage:-** This webinar highlights the following key points :

- What is Indoor Air Pollution ?
- Causes and Sources of Indoor Air Pollution
- Status of Indoor Air Pollution in India
- Effects of Indoor Air Pollution on Human Health
- Control of Indoor Air Pollution

**Speaker Profile:- Sh. Suman Maity**, is working as a Deputy Director with National Productivity Council, Kolkata, Environment Division and having 18 years of experience in the field of Environment Management. He has executed several consultancy projects in the field of Environment Management and acted as a trainer for various capacity building, awareness and training programmes.
