

WEBINAR ON "GREEN BUILDINGS: WHY, WHAT & WAY FORWARD (COVID-19 SAFETY MEASURES)"

Expert Speaker: - Ms. Mamta Rawat, Partner, Conserve Consultants Pvt. Ltd

Date: - 10/08/2020, 3:00 PM to 4:30 PM

About Webinar:

Prevention and control are key elements when facing major public health emergencies. To contain the epidemic, the areas for residents' activities are restricted to communities and remaining indoors. Therefore, as a gathering base for most people, buildings now play a significant role in preventing and controlling the COVID-19 virus. Community and building-based prevention and control measures have become one of the most important methods of fighting against the epidemic. These include self-isolation, community management, elevator disinfection, environmental cleaning, open windows for natural ventilation, etc. The positive effects of green buildings in the COVID-19 prevention will be discussed in this webinar.

Webinar Coverage:

In this webinar speaker will talk around, Green Building Certifications & Beyond , Case Studies: Performance & Cost Impact , Connect with Health & Well Being & Covid-19: Start of operations safely.
