WEBINAR ON

BOILER PERFORMANCE MONITORING AND OPTIMIZING THE EFFICIENCY

03rd September'20 at 11:00 Hrs. to 13:00 Hrs.

Program Coverage

- Combustion
- Impact of various factors on Combustion
- Boiler Efficiency
- Analysis of Losses
- Performance Monitoring
- Optimization

Participant Fee ₹ 590/- (Incl. GST)

Contact: Shri P. Vinod Kumar, Program Co-Ordinator

Speaker
KOTA. BHANU PRAKASH
CEO, Steag O&M Company Pvt. Ltd.
ABOUT WEBINAR

The webinar on Boiler Performance Monitoring and Optimizing the Efficiency aims to give close view on the coal combustion, factors affecting the performance, understanding the efficiency calculations for controlling the losses and optimizing the efficiency.

Speaker

Over 30 years of work experience in the Power Sector covering areas such as Engineering, Operation and Maintenance, Commissioning, Stabilization and Environment management of large coal fired power plants of both Indian and Chinese makes of sizes 210 MW, 500MW, 600MW, 525 MW, 660MW, 800MW [green field and brown field] both sub critical and super critical. This includes 20 years in NTPC in various capacities. Certified Auditor ISO14001,ISO 9002,Industry 4.0
