NPC announces a Webinar On Emerging New business Potential in Medicinal & Aromatic Plants

Date:- 29.09.2020 ; Time:- 11:30- 12:30

Indian medicinal and aromatic plants command high global demand. The export of medicinal plant parts and herbal extracts increased from less than Rs.450 crores in 1999-2000 to Rs. 3600 crores in 2007-08. The exports of aromatic oils have increased from less than Rs. 30 crores in 1980s to Rs. 550-600 crores.

Many countries are importing raw materials and value added products of these plants from India and there is excellent scope to increase this demand generating business and employment opportunities within the country at rural and urban levels

DR. MUNISH KUMAR

Registration fees

Rs. 295/-

(Inclusive of all taxes)

E-Certificate will be provided
