

NPC - India Presents Webinar on

Balancing chemical process safety and asset integrity

18TH SEPTEMBER 2020
@ 11.00AM-12 NOON
(GMT+5:30)

E-certificate will be issued

Registration Fee :
Rs. 415/- (including GST)

Speaker

Mr. Rahul Raman,
Director ,
Kaypear consulting.

*Senior member -
AICHE, carried out
200+ PHA*

Chemical Process Industry is a safe work place, however, accidents put it under the radar from regulatory authorities and public scrutiny. In general, societal risk is low and public perception towards a company may turn hostile in their community after an accident. A Process Safety Management Program must be in place to identify/manage the hazards effectively to prevent catastrophic incidents and to keep asset integrity in place.

Register to learn

process safety elements ,mechanical / asset integrity, process hazard analysis and process safety information
